REQUEST FOR PROPOSAL (RFP)
Refuse/Recycle Services

Introduction:

The Oswegoland Park District was founded in 1950 and serves the Village of Oswego, as well as parts of Montgomery, Aurora, Plainfield, and all of Boulder Hill. The District's boundaries encompass 38 square miles, and include 8 facilities, 32 neighborhood parks, 3 community parks, 5 community parks and sports fields, 16 natural area parks, and 9 greenways. In total, the district serves over 20,000 households.

Project Background:

Refuse and recycling containers are used through the district in various applications:

- 1) Permanent locations. These containers will remain in the same space at our facilities through the duration of the contract, with various pick up schedules.
- 2) Seasonal locations. These containers will remain in place for a specific duration of time and will need to be serviced and maintained while in place.

Description of Proposed Project:

The District is accepting bids for refuse and recycling service on both a stationary, temporary and "as needed" basis.

Prices shall include delivery, set up, refuse and recycling pick-ups, damage waiver and removal of units. This will be a 12 month contract, with the option to go as far as 36 months. For each yearly extension, the contractor would receive an increase equal to the Consumer Price Index (CPI) or 2%, whichever is less. Type and quantities should remain the same, but could change at the District's discretion.

All quantities listed within these specifications are estimates only. The Park District reserves the right to add or delete containers as necessary.

The awarded vendor will be responsible for delivery, setup, trash removal, maintenance and removal of all containers. Travel to and from the job site shall not incur additional charges, including travel time, mileage, fuel surcharges, environmental fees, or landfill upcharges. Incidental fees such as overage and hazardous waste shall be spelled out with a set price in the proposal.

Upon trash collection, the driver will place the container back inside the enclosure where applicable. The driver will be responsible for the closure of any gates opened to access the container. Where no enclosure exists, the driver will set the container back in the spot they found it. Containers must be set back so that the lid hinges face the backside of the enclosure and can be opened facing the gates.

The Park District shall expect trash to be picked up on scheduled days rain or shine. Recognized collection holidays will be:

Refuse/Recycle Services

The vendor shall provide a flat price for additional fees, including:

- Overage Fee
- Unscheduled Pickup Fee
- Hazardous Material Fee
- Total Loss Fee
- Minor Damage Fee

Additionally, the District will be provided one (1) free 20 yard roll-off container per year for general cleanup, one (1) free 20 yard roll off per year for the Fall Carnival, and one (1) free 20 yard roll off per year for Brew at the Bridge festival for the initial term of this agreement.
