

Nature Based Preschool Program

Clothing should be kept simple, comfortable, non-restrictive, and washable. Active exploration of the outdoors is encouraged. Please send your child in clothing that can get dirty. Children will need to wear comfortable, protective shoes for running, gripping, and climbing. All children should be dressed appropriately for the weather. We spend much of our day outside, so please plan accordingly. When needed, please apply sunscreen to your child prior to sending them to school.
